THE PREFERRED SHRINK WRAP COMPANY AT BAYPORT MARINA

Boaters,

Believe it or not, the time has come to think about **The Boat Doctor's** shrink wrap advantage. **The Boat Doctor** is by far the premier shrink wrapping company, with the most experience in the industry wrapping nearly a thousand boats a season. Let this experience guide your boat through another nasty winter. **The Boat Doctor** will wrap your boat on time and keep a watchful eye on it until we uncover it in the spring. Trust the name that was here long before the competition and will be here long after them. The Boat Doctor staff is looking forward to hearing from you this fall.

Thank you,
The Boat Doctor

Shrink wrap:

1. Protects your boat from harmful ultraviolet rays and fallout.
2. Snow slides off of wrap so there is no weight or ice buildup.
3. Keeps elements out, but is ventilated to let fresh air in.
4. Shrink wrap is affordable. Tarps and canvas covers deteriorate and have to be replaced regularly.
5. Environmentally safe, our wrap is recycled in the spring.
6. Shrink wrap is hassle and worry free for a boat owner.

The Boat Doctor Guarantees its workmanship, but is not responsible for vinyl enclosures, plexi-glass windscreens, equipment mounted on to radar arches, hard tops, or pulpits (spotlights, radars, antennas, etc.). Nor is it responsible for acts of nature, i.e. heavy snowfalls, high winds, etc., and or poorly maintained or old boats or boat parts. If you are concerned about damage to any of these items, please contact us to arrange removal and storage of these items at a nominal fee. If you do not contact us directly we will assume you are responsible. The Boat Doctor cannot accept responsibility for issues arising on painted vessels due to shrink wrapping. The Boat Doctor can not determine how materials on your vessel will react to being in contact with shrink wrap or the shrink wrapping process and will not be responsible for any issues which may arise.

“DEDICATED TO EXCELLENCE”
